

WITH REGARD TO TORONTO BID FOR WORLD MASTERS' GAMES 2020

TO WHOM IT MAY CONCERN

As an international technical official with over 35 years' experience, the former Chair of the National Officials Committee for Canada and former President and Board Chair for Sports Officials Canada I wish to add my support for the Toronto bid to host the 2020 World Masters Championships.

I am a member of the International Association of Athletics' Federations Technical Committee as well as the International Paralympic Committee Technical Advisory Committee and official at many World Masters Events. As one of the Technical Delegates for the 2005 World Masters Championships held in Edmonton, Alberta and as the Chief Judge for Photo Finish for the 2010 World Indoor Championships held in Kamloops, British Columbia I can attest to the dedication of technical officials in Canada and their individual preparation as officials to make this event a success.

In addition, I was an international official at the recent Pan American Games as well as the ParaPan American Games held in Toronto (2015). Based on my experience with officiating, organizing and execution of events, I am pleased to support the bid of Toronto for this important event. With John Craig as the head of the Bid Organizing Committee you can be assured that if selected the Toronto group will do another excellent job with the execution of the competition.

Should you require additional information, I would be pleased to provide it.

Sincerely,

*David Weicker*
