Re: Letter of Support to host the 2020 World Masters Championships

Dear Mr. Thomas,

The Toronto Sports Council (TSC) is pleased to support the bid from the TO2020 Bid Committee to bring the 2020 World Masters Championships to the City of Toronto.

Toronto is well-equipped to successfully stage this event including state of the art Track and Field Facilities, an efficient transportation system, top-rate hotels and restaurants, enthusiastic volunteers and a vibrant multi-cultural, multi-linguistic city environment.

Toronto has enjoyed successfully hosting national and international events including the 2007 FIFA U20 World Cup and most recently the very successful 2015 Pan/Parapan American Games.

As the "Voice for Sport" in Toronto the TSC actively supports opportunities that enhance the profile of sports and athletics. We feel your participants would certainly enjoy and benefit from the experience of competing in an event of this stature in a City that appreciates their efforts.

The Toronto Sports Council heartily endorses the TO2020 bid for the 2020 World Masters Championships.

Yours truly,

Heather A. Mitchell,  
Chair  
Toronto Sports Council.
