

The Varsity Centre is a Grade 2, IAAF fully certified track, which conforms to the requirements of IAAF Rule 140 and the IAAF Track and Field Facilities Manual. The Track also conforms to the requirements of IAAF Rule 160 and the IAAF Track and Field Facilities Manual. Please see Appendix G. The track was laid in 2007. It is a 400m track constructed of Polytan M and contains 8 lanes in the oval and straights at 1.22m (suitable for wheelchair events). It is bordered by a curb of aluminum which meets all of the IAAF minimum requirements. The radii of the curves is 36.5m Trinity College and Back Campus fields, which are located directly south of the stadium, will provide additional warm up areas. Finally, the Athletic Centre is located a short 2 minute jog from the Varsity Centre, and it contains an indoor six lane 200m track and full size indoor field house, should athletes require additional facilities to prepare.

- The stadium provides permanent seating for 5,000 spectators, with ample wheelchair accessibility on two levels. The seating is raised one metre above the playing field to provide excellent sightlines throughout the stadium. Elevator stops provide access to the media gondola and to wheelchair spaces above.
- Anticipated local daily spectator attendance is 500
- Hospitality Boxes next to the Results Rooms
- One Hospitality Room overlooking the track, others inside the stadium
- Parking Capacity is over 2000 parking spaces in public lots and the University Campus within a 5 minute walk of the stadium
- Sponsors Area adjacent to the track in the concourse under the stands
- Marketing Area adjacent to the track in the concourse under the stands
- The street adjacent to the stadium may be closed for warmup or vendor tents
- Numerous Offices located in the Arena and the Goldring Centre next to the Stadium
- Training Track/ training areas are located on the adjacent Trinity Fields (natural grass and Polytan runway) and the nearby Athletics Centre
- Retail area in the TIC in the Arena
- Banking services are across the street
- Concession area in the Arena
- Photographer Control will be with the use of lanyard credentials
- Field Access will be controlled by Security
- Affiliate Team Meeting Rooms will be at the University

Technical Attributes

- Stadium Lighting system that is sufficient to meet the technical requirements of television broadcasts – including field, track, turns, and infield
- A state-of-the-art scoreboard in the stadium, which is able to be interfaced with the timing and results processing system, video board for live coverage of field events, instant replays, etc.
- A quality sound system for the entire stadium, capable of announcements
